

# Thuja o. Art Boe

**BOUNTIFUL  
FARMS**

The columnar **North Pole® Arborvitae** creates a dense hedge when planted in a row; perfect for privacy screening or a windbreak.

Its bright green foliage makes it stand out when planted alone as a statement piece or part of a mixed border. Slightly more narrow than the Emerald Green, this variety retains its color in winter and is resistant to cold burn. Very low maintenance.
