

Chamaecyparis p. Cyano Viridis Pompom

SUMMER FOLIAGE

**BOUNTIFUL
FARMS**

Boulevard Cypress features soft, blue-green and silver foliage that's uncharacteristically soft to the touch for an evergreen. Attractive, peeling reddish bark is showcased by the pompom shape. Slow growing; requires occasional trimming to maintain it's distinctive shape. Resistant to deer munching and most pests. Hardy to -30 F; and will thrive in all but the hottest parts of the country.

WINTER FOLIAGE

17280 Boones Ferry Rd NE Woodburn OR 97071

(503) 981-7494
